

North Carolina Health Assessment

SCHOOL: _____

SCHOOL YEAR: _____

Dear Parent or Guardian,

North Carolina recently passed House Bill 13, Session Law 2015-222. This law now requires a Health Assessment form for every student new to North Carolina Schools.

House Bill 13, Session Law 2015-222 passed in August, 2015, changes the Kindergarten Health Assessment Transmittal Form to a Health Assessment Transmittal Form. Effective for school year 2016-2017, all children entering North Carolina public schools (includes Charter Schools) must present a Health Assessment Transmittal Form within 30 calendar days of the child's first day of attendance. The only form acceptable is the Health Assessment Transmittal Form created by the Division of Public Health and the Department of Public Instruction pursuant to House Bill 13. This law applies to children of any age entering N.C. public schools for the first time.

Student Last Name _____ First _____ Middle _____

Birth Date _____

Has your child ever been enrolled in a North Carolina Public School? (CIRCLE ONE) YES or NO

Which School? _____

If you answered **YES** to the question below, please sign below and return this form with your registration packet.

If you answered **NO** to the question above, you will need to obtain a NC Health Assessment form for your child. You will need to contact your child's pediatrician to set up a time to have a physical completed. Please sign the below and return this form with your registration packet.
